# GloBug Lighting System

## PRELIMINARY INFORMATION

### A New lamp design for 2009!

- Patented E-ballast design with 1000 watt Metal Halide bulb
- Reduced component weight for easier handling and transportation
- Low starting current requirement — just 1.7 amps
- Quick restrike time — 3 to 5 seconds
- Universally adaptable to all AC power supplies — accepts 50/60Hz, 85-240V
- Patented lamp cage design extends to accommodate larger balloons

© COPYRIGHT 2009, MULTQUIP, INC.

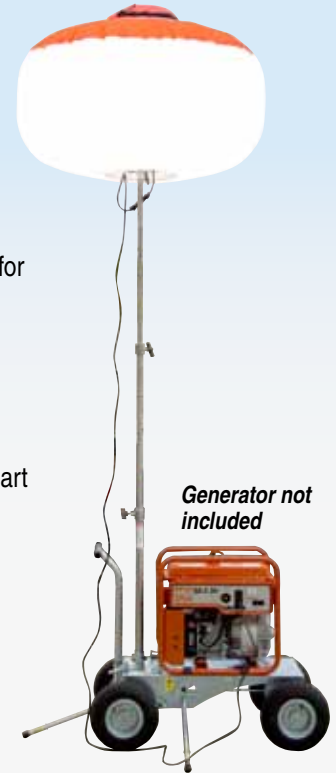

### GBW Series

- Air shock-absorbing mast design protects bulb
- Two-position stand
- Fast and easy set up — no tools required
- Includes carry cases — breaks down to fit two easy-to-carry cases

### GBC Series

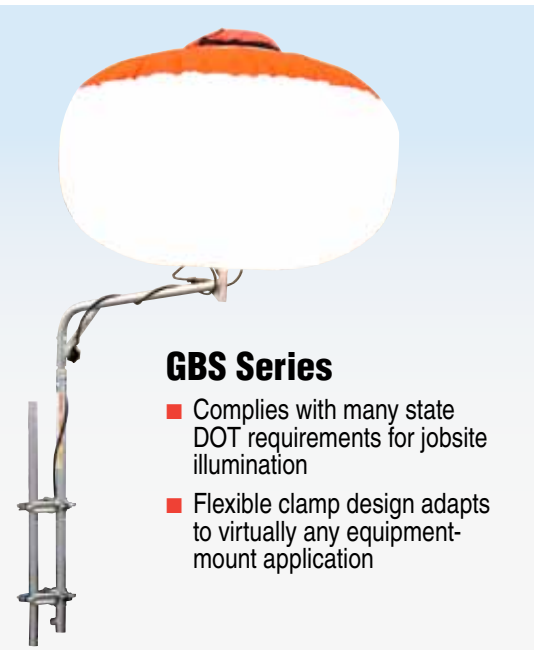

- Steerable cart design for easy transportation
- Large pneumatic tires
- Three outriggers for increased stabilization
- Sets up without tools
- Easy to maneuver — cart weighs just 121 pounds
- Strap slots for suitcase generators

Generator not included

### GBS Series

- Complies with many state DOT requirements for jobsite illumination
- Flexible clamp design adapts to virtually any equipment-mount application

### GBHM Hitch Mount Accessory

- Quickly attaches to 2" x 2" draw bars
- Compatible with all GloBug models
- Ideal for utility trucks

Light sold separately
