# Ultra-Silent Series

**WHISPERWATT**  
*ultra silent*

## Ultra-Silent Series

MQ Power's revolutionary Ultra-Silent Series generators are the world's quietest and best performing portable power sources. Just listen....

*Your everyday conversation is louder than the  
Ultra-Silent Series*

The next generation of WhisperWatts, with a patented soundproof housing, boasts even lower noise levels than MQ Power's industry-leading sound-attenuated units. With sound levels from 56 to 63dBA full load at 23 feet, the generators are up to 11 decibels quieter than the current WhisperWatt line. Each Ultra-Silent Series generator features our patented air flow design, making them the quietest power sources on the market. In fact, your everyday conversation is louder than these new models.

The Ultra-Silent Series features an upgraded environmental package with an integrated fuel tank and fluid containment system, improved fuel efficiency and voltage regulation, and residual value that is unmatched by any other generator.

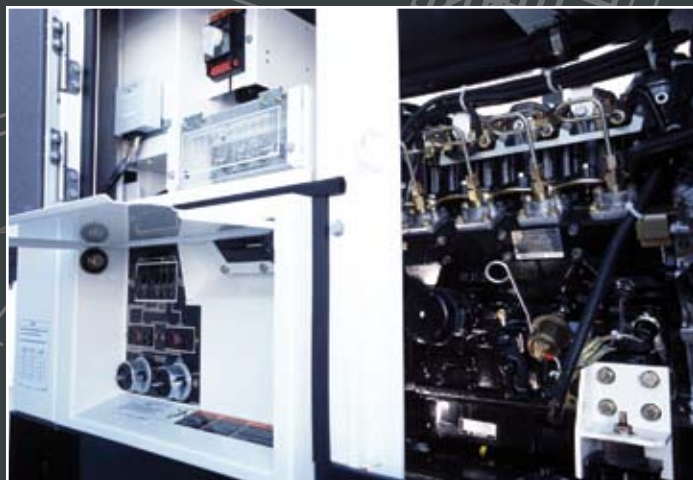

There are six single/three-phase models in the Ultra-Silent Series with outputs ranging from 25 to 150kVA. All are engineered with an integrated 24-hour fuel system and come standard with Tier II EPA-approved engines. A new patented airflow design reduces sound to the lowest levels ever. That's guaranteed to impress even the most demanding customers.

*Each Ultra-Silent Series generator features our patented airflow design making them the quietest power sources on the market.*

*Easy-to-read instrument panel with analog controls giving the operator fingertip access to all generator functions*

*Among the numerous features on the output panel is the three position voltage selector switch for ease of operation.*

In addition, each generator is offered with John Deere or Isuzu diesel engines, a standard electric starting system and improved frequency regulation to 0.25%.

---

*The generators will deliver dependable, uninterrupted power that is as pleasing to the user as it is to the environment*

---

As revolutionary as its design and improved features, the Ultra-Silent Series also has an astounding range of uses. From the construction job site, hospitals and schools to movie sets, stage productions, and sports events, the generators deliver dependable, uninterrupted power that is as pleasing to the user as it is to the environment.

MQ Power. Perfecting power generation.

# MQ Power Ultra-Silent WhisperWatt Generators — Specifications

Model	DCA-25USI	DCA-45USI	DCA-70USI	DCA-85USJ*	DCA-125USJ	DCA-150USJ
<b>Generator</b>						
Design	Revolving field Self-ventilated Dip-proof Single bearing					
No of poles	4-poles					
Excitation	Brushless with AVR					
Standby output	22 KW(27 KVA)	37 KW(47kVA)	59 KW(74KVA)	70 KW(88KVA)	110 KW(137KVA)	132 KW(165KVA)
Prime output	20 KW(25KVA)	36 KW(45KVA)	56 KW(70KVA)	66 KW(82KVA)	100 KW(125KVA)	120 KW(150KVA)
Generator RPM	1800					
Voltage - 3 phase	208, 220, 240, 416, 440, 460, 480V Switchable					
Voltage - 1 phase	120, 127, 139, 240, 254, 277V Switchable					
Amature connection	Star with neutral / Zigzag					
Voltage regulation (steady state load)	0.25%					
Voltage regulation (no load to full load)	1.0%					
Frequency	60 HZ					
Frequency regulation (no load to full load)	3~5%**	3~5%**	0.25%	0.25%	0.25%	0.25%
Power factor	0.8					
Sound Level dB(A) Full Load at 23 feet	56	57	61	61	62	63
<b>Diesel Engine</b>
